

# Some Quick Links for Dekatron/Nixie

---

Nixie Power supplies and I2C devices Including “5 Minute” Clock parts  
<http://www.tayloredge.com/>

Arduinix Arduino Shield to drive 1-8 nixies. I have kits and PCBs available.  
<http://www.glowtubeglow.com/> or <http://www.tindie.com/stores/nixiekeith>

Smart Nixie (not taylor edge but the same name) IN-14 tube serial PC device.  
<https://switchmodedesign.com/products/smart-nixie-tube>. I have these kits, too.

“Three Neurons Pile o Poo” a Dekatron and overall EE god -  
<https://threeneurons.wordpress.com/>

Some data sheets - [http://www.tube-tester.com/sites/nixie/dat\\_arch.htm](http://www.tube-tester.com/sites/nixie/dat_arch.htm) and  
<http://www.sphere.bc.ca/test/nixie.html>

Some other sites: <http://www.electricstuff.co.uk/>

My sites: <http://www.glowtubeglow.com/> and my FB page: [www.fb.com/glowtubeglow](http://www.fb.com/glowtubeglow)
